**Niagara airbus** has also set up \$99.00 Round trip shuttle and \$70.00 one way for Buffalo Airport (Buffalo Niagara International Airport). They provide a 10% discount on all private exclusive services for all Airports, including, Hamilton, Billy Bishop Toronto Island, Toronto Pearson, Buffalo, and Niagara Falls New York International Airports.

### Niagara airbus reservation tutorial:

In your internet browser, simply go to [www.niagaraairbus.com](http://www.niagaraairbus.com)

Please have the following ready:

- Dates of travel
- Airline and Flight number information – the system requires the Airline and flight number of the flight that arrives/departs
- Name of the Hotel you are staying at in Niagara
- Valid Credit card number and expiry date and CVV security code to at least guarantee the reservation.

In order to receive your special pricing, on the first page, make your choice in the service type called Airport Service Choose "Shuttle - Shared Ride" or "Exclusive Private Car" (\$90.00+hst round trip and

\$65.00+hst one way are only for “Shuttle - Shared Ride”). Choose your origin and destination and click on One way or Round trip, then enter EEST2018 conference code (545) and click on “book now”. Pricing for this choice will automatically be discounted, based on the code you are using.

The next few screens gather information they require to provide you with the appropriate pickup times etc. The pickup and drop off information pages contain list boxes from which you can simply choose your hotel. The system will then fill in the address information.

On the Payment screen, choose to pay for your reservation with a credit card. Simply ensure “credit card” is ticked off, and enter the information. If you would prefer to pay the driver, click on “Cash to driver” and then you must fill out the credit card information. When this is the case, they do not charge your card, but they do pre-authorize the amount of the reservation, to ensure they have a valid credit card for guarantee purposes.

Please then click (only once) the “Submit” button. It will provide a confirmation number, which you can print as your receipt, or choose to receive an email confirmation of the reservation.
