## Conference Venue

The conference will be held in Niagara Falls, a beautiful city located on the western bank of the Niagara River in the Golden Horseshoe region of Southern Ontario, Canada.

## Scope

The technical program of EEST 2018 will have plenary talks, invited speeches and poster presentations focusing on electrochemical energy research, development, and applications. This conference will be a venue for energy storage and conversion technologies employing electrochemical methods, such as fuel cells, batteries, supercapacitors, electrolysis, and so on. The objective of this conference is to stimulate fundamental and applied research on electrochemical energy.

## Plenary Speakers

Deborah Myers  
Argonne NL

Yi Cui     A  
Stanford University

Arumugam Manthiram  
University of Texas at Austin
